ERIC:

The waitress with the bird tattoo up her middle finger
has gotten my attention by not caring if she does.
My team thinks it's hilarious that she's not into me.
I think it's almost as fascinating as she is.
Trouble is she likes musician types...
And has one for a boyfriend.
I told her I hope he knows how lucky he is.
Because if he doesn't, my fist will tell him.

WREN:

Okay, so I might be a football fan...but I hate jocks.
Acting like idiots at our bar after every home game
They almost ruin the sport for me, entirely.
Eric Cocker is gorgeous, sure, but what an ego!
Trouble is that our clientele loves drama
And they think we did it in O'Neal's bathroom
All we really did was laugh - far more dangerous
How do you get inside a woman's heart?
You make her laugh.

* Those who don't know the sport won't feel left out.

Eric Cocker is Jake's (Book 1) youngest, which means he's Ethan
(Book 9) and Emma's (Book 11) brother. Enjoy the Cocker family!

My Personal List

I did only one thing that *really* mattered this week.

I published SOFIA SOL COCKER'S LOVE STORY - live early Sat. morning although I *tried* for the 13th, since it's book 13.

Did. Not. Work. Ah well.

Maybe God wanted her to have good luck?

Wooohooooooooooo!!!

- Our lovely cover model is Tina Brady. [Follow her on Instagram](#) and tell her how much we love her for wanting to be the face of the girl we've all been waiting for.
- Her photographer was Tommy Chung. [Follow him on IG](#) to see what an amazing talent the man is!

You ready for the wild child?

Because I don't think you are. ;-)

Love, love and more love,

xx

SOFIA SOL:

There is a line we're forbidden to cross with each other.

It's not like he and I are genetically related.

We aren't.

But we might as well be.

From my earliest memories he's been in my life.

Motorcycle clubs are families of a wilder sort that no normie can understand.

Some of us are joined by blood.

Others by bond alone.

We're just not normal.

Never will be.

Never want to be.

So how fair is it that we're made to stay platonic?

We train together every day.

Get sweaty,

sneakily eye droplets that slide down...

hard muscles, ripe curves. For years!

Enter temptation. Enter fighting desire.

But whatever you do, don't do it.

Don't fall in love.

* Sofia Sol is the only child of Jett and Luna Cocker from Book 2, *Cocky Biker*. *This wild ride is a full length novel, and yes there's steam*. If you have an issue with cussing and sizzle, Sofia Sol is not for you. Thank you!

30 men. 1 woman.

I know how it sounds... dirty.

Except it's really just the premise for a new reality show, Matchmaker, where

I'm supposed to find love on TV.

Thirty sexy eligible bachelors are competing for my hand, trying to prove their love for me in front of millions of people.

I know most are fake and only here to advance their careers, but there are two who draw me to them like a moth to a flame.

One is blond and blue-eyed, with a chiseled body and a prowling natural grace. And while he might seem a little rough around the edges, with me, he's kind and genuine.

The other is passionate, driven, and totally focused on me—everything a woman could want.

I feel so torn. Do I choose the one I'm falling in love with, or can I be happy settling for the safe bet?

That should be an easy question. If I were a bystander sitting at home, I know what my answer would be.

But I'm scared. He could destroy me, burn me to ash with his fire. And if I'm wrong about him, I don't know if I'll ever recover...

Which means he is completely off-limits. She knows it, he knows it. It's completely forbidden. Even though she's always followed all the rules, suddenly Lacey find herself wanting to break them all. Is he worth the risk? Or will he only break her heart—and possibly her bed springs?

When you go on tour, you have to expect to rock the bus.

Keira Weston is screwed. Her art is flopping. Her teaching job dries up. And now she's losing her apartment. A girl should be allowed to have a night of fun to forget her troubles, right?

What she doesn't expect is to meet Eric Newcastle, the panty-melting guitarist she's always crushed on. And she definitely doesn't expect him to ask her to join him and a rowdy headlining band as a tour photographer. She knows better than to turn down that kind of opportunity.

Eric even offers wild nights in his bed as a *perk*. But she's determined to keep things professional. She's had her heart broken by an passionate artist before, and she's not getting burned again.

Still, she can't help but be tempted by the dirty talking guitarist with magic fingers. Especially when he undresses her with his eyes from the stage, Eric makes it clear. He's interested in more than her skill with a camera. He wants Keira to himself so he can prove what they have is real.

So long she doesn't uncover any of his family secrets...
